Energy Terms – (Worksheet 2)

megawatt
methane
methanol
mining
motor
nuclear
nucleus
oil
peat

petroleum
photon
photovoltaic
pollution
power
propane
radiant
radiate

reactor
reflect
renewable
reservoir
shale
static
steam
sun

sunlight
sunshine
sustainable
temperature
thermal
transmission
transmit

thermodynamics
utilities
volt

waste
watt
wattage
wind
windmill
work
Key To Energy Terms – (Worksheet 2)
